## Company Profile

With decades of experience and unsurpassed quality, [Pilgrim Screw](http://www.pilgrimscrew.org) is one of the world's leading producers of screws, bolts, and specialty fasteners. Privately owned by the Grove family, the company operates from its world-class facilities in Rhode Island and Arizona, and consistently provides the finest product quality and customer service in the industry.

[Pilgrim Screw](http://www.pilgrimscrew.org) has been in the fastener business for over 80 years. We pride ourselves on this – knowing we have survived in a time where many great businesses have not been as successful. We attribute our success to many things; our innovation, our constant investment in our equipment and our people, our involvement with industry associations (NASC, AIA, SAE, DLA) our knowledge of the marketplace, and most importantly our strong focus on our customers' needs.

## Product Lines and Capabilities

- Screws
- Bolts
- Clevis Pins
