

Oil and Gas Trade Mission to BRAZIL

Explore Export Opportunities in Brazil

The U.S. Department of Commerce, International Trade Administration (ITA) is organizing the Oil and Gas Trade Mission to Rio de Janeiro, Brazil, on September 19 - 21, 2018. The Trade Mission offers a timely and cost-effective means for U.S. firms to engage with key stakeholders and enter the promising Brazilian market for oil and gas equipment, technology, and services. The delegation will be comprised of 10 to 15 U.S. firms, representing a cross-section of U.S. oil and gas segments that have developed products and services for offshore (deep water), onshore, and general exploration and production activities. Operators and representatives of trade associations may also apply. Recently, Brazil's government lowered local content requirements for the 2017 oil and gas auctions, making new projects more attractive to foreign suppliers.

U.S. Trade Mission Features:

- Introduce U.S. Firms to rapidly expanding offshore and onshore technology market in Brazil.
- Meetings and Roundtables with government agencies and oil and gas sector decision-makers (includes translation services).
- Customized one-on-one meetings and networking events with government leaders, potential partners, distributors, and end users.
- Gain insights, make industry contacts, solidify business strategies and advance specific technologies.

Subsectors Holding High Potential for U.S. Exports:

- Well services, FPSO and Rig Leasing.
- EPC and Engineering Services, Project Design, and Revamp.
- Subsea Systems and EPCI.
- Valves, Tubing, Fittings, Static Equipment, Industrial Equipment.
- Logistics, HSE, IT, and Geophysical, Chemicals and Catalysts.

Apply Now, Space is Limited!
