

March 2016

Dear Distinguished Colleague,

Study Oregon is very excited to become acquainted with you at the Annual NAFSA Conference coming up in May. Study Oregon was founded in 2006 with the goal of promoting collaboration between education and training institutions, with the shared goal of connecting international students with quality services in the state of Oregon. Within Oregon we have an education or training institution that fits the needs of many different students. Oregon has some of the leading research institutions, which gives students the opportunity to be on the forefront of innovation and discovery. Oregon also has small schools where students will form lifelong relationships with students, faculty and staff. Member institutions come from public and private, high schools, trade schools, art schools, community colleges, language schools and research institutions.

Oregon is located in the enchanting Pacific Northwest and has not only natural beauty but a thriving metropolis where students can explore some of the best food, arts and music that the United States has to offer. Oregon is proud to host around 13,360 international students from around the world and as a state we are very excited to grow that number.

We are looking forward to seeing you at booth #858 and are hoping to discuss how we can help connect students with the institution that will enable them to meeting their life goals.

Best,

Maya Hoffman

Maya Hoffman, Study Oregon Treasurer

Assistant Director of International Student Admission, Concordia University-Portland
