Third Japan-U.S. “Fukushima Forum”

24 February 2016

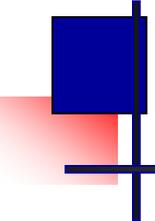

Tokyo

# USNIC Overview

---

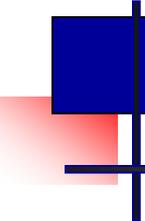

- Leading U.S. business consortium advocate for new nuclear and promotion of the American supply chain globally.
- Composed of seventy companies representing the “Who’s Who” of the worldwide nuclear supply-chain community.
- Member of the U.S. Department of Commerce’s Civil Nuclear Trade Advisory Committee and the 2013-15 U.S. Industry Delegations to the IAEA.
- Member of the advisory committees of the Nuclear Innovation Alliance and the Bipartisan Policy Center Task Force on nuclear waste.

# USNIC Business Portfolio

---

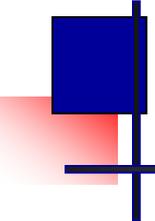

- Key U.S. mover deployment
- Manufacturing & supply-chain readiness
- Technology advancement
- Sustainable fuel cycle
- Licensing surety & costs
- International nuclear markets
- U.S. environmental management
- Fukushima D&D
- Outreach & education

## USNIC Fukushima-related Initiatives

---

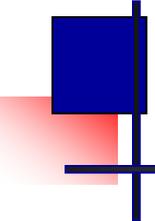

- Co-hosted three briefings in the U.S. market for IRID related to RFPs
- Sponsored a Fukushima briefing with the Japan Embassy Washington
- Participated in the inaugural Japan-US Fukushima Recovery Forum in 2014 as well as 2015
- USNIC members in U.S. delegation for 2016 Forum

## U.S.-Japan Common Ground

---

- Shared solidarity on the importance of Fukushima D&D and Japan Restart success
- Lessons learned from the U.S. environmental management experience from the DOE clean-up program and commercial reactor decommissioning as well as ongoing spent fuel management
- Fully harnessing the fruits of international cooperation with the involvement of the global nuclear energy community
- Support for the Nuclear Convention on Supplementary Compensation
