

Singapore International Water Week (SIWW) 2016 July 10-14, 2016

Sands Expo and Convention Centre, Marina Bay Sands, Singapore

The Singapore International Water Week (SIWW) is the global platform to share and co-create innovative water solutions. The biennial event gathers stakeholders from the global water industry to share best practices, showcase the latest technologies and tap business opportunities. SIWW is part of the strategic program of the Singapore Government to grow the water industry and develop water technologies.

A leading event on the global water calendar, SIWW delivers a range of flagship programs where industry players share the latest in business, scientific and technological innovation, and policy developments in water.

Take this opportunity to network and meet with 25 U.S. companies* that are exhibiting at SIWW. These U.S. companies are seeking local distribution in **VIETNAM** and is interested to learn how to form a partnership with you.
