AMERICA'S MANUFACTURING LEADER

Centrally located on the North American continent in the Midwest U.S., Milwaukee (Wisconsin) is America's leading manufacturing region. Milwaukee boasts a rich history of innovation and is a recognized center of precision manufacturing. Settled more than 150 years ago on the shores of Lake Michigan, the region evolved from a Great Lakes port to the "Beer Capital of the World" and later the "Machine Shop to the World." Manufacturing defines our history and our future. It is ingrained in our character and remains our most vibrant economic sector.
