

OHIO | TROY, OHIO USA

It is a great time to invest in the United States!! The goal of the team from Troy Ohio USA is to make your company successful in the US and Canadian markets.

Find out more about our assets at www.troyeconomicdevelopment.com and learn about moving to our area at www.troyohiousa.com.

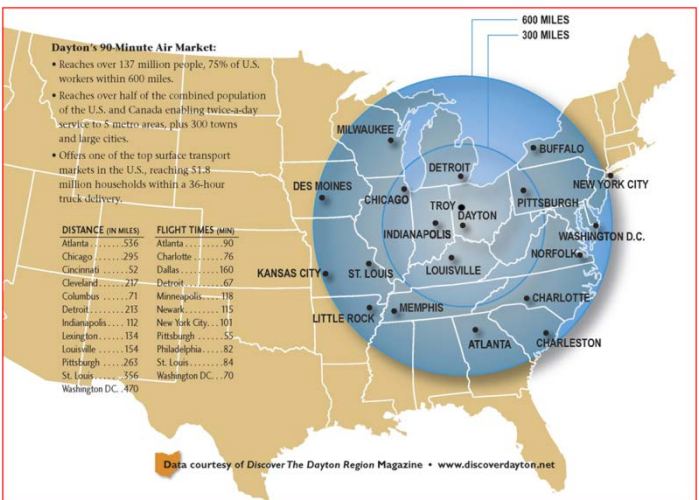

How can we help your company?

- Troy Ohio USA provides your company **the best location** to reach the population of the eastern US and Canada. American Honda chose Troy for the distribution of Honda auto parts for the eastern US because of their need to supply parts to dealers and consumers in the shortest time and at the least cost.
- Troy Ohio USA offers **the lowest transportation costs** for parts distribution and sales operations due to our location right on the intersection of the two major interstate highways that connect north and south (US 75) and east and west (US 70).
- Troy Ohio USA is also the best location to provide parts for the **automotive and truck industries**. Ohio leads the US in vehicle parts production and specialty vehicles. Located at the center of automotive alley – I-75- between Detroit and the southern US auto assembly plants- companies from around the world choose our area for delivery cost and next-day-service.

- Ohio leads the US **in industrial automation**. Due to the fact that Ohio is #1 in the production of steel, plastics and polymers and auto parts, the majority of the companies that have located in Troy Ohio USA are here because their customers (and your customers) are here.

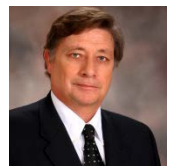

- With no property taxes on new machinery, equipment and inventory, Ohio provides **the best deal on taxes** for manufacturing and distribution companies in the Midwest US.
- Troy Ohio is the center of the **metalworking industry in the US**. We are not only the home to **Hobart Brothers**, the world leader in welding equipment and supplies, and the home to **F & P America**, the world leader in metal technologies for vehicles, we are also the home of the **Hobart Institute of Welding Technology**, where companies and welding professionals from around the world seek training and certifications.
- Troy Ohio USA is only a 30 minute drive from **Wright Patterson Air Force Base** where many of the most important system development and purchasing operations of the US Air Force are located and where the USAF Advanced Materials Command is located.

- Troy Ohio USA has a **very successful track record** in supporting European and Asian companies (FDI Companies). These companies pay over **\$100 million** to our highly skilled employees every year.
