

Green Road Show to Tainan September 15 & 16, 2017 Tainan, Taiwan

Mission Highlights

- Taiwan aims to **denuclearize its energy sector by 2025, and is increasing its renewable energy capabilities.**
- **President Tsai and Mayor Lai will present Taiwan's goals for the renewable energy industry.**
- **One-on-one meetings with potential partners.**
- **Official Lunch with Tainan city authorities and Taipei authorities.**
- **Transportation and lodging costs at own expense.**

Greetings from the American Institute in Taiwan, Kaohsiung Commercial Section!

The AIT Kaohsiung Commercial Section is pleased to invite you to join us as we explore renewable energy opportunities in southern Taiwan. This mission is a tremendous opportunity for your company executives to access the rapidly expanding southern Taiwan markets, and to meet key decision makers that are positioned to help you enter and expand your company's footprint in the region. With a cast of all stars including the President of Taiwan, the Mayor of Tainan, and other pillars in the industry, this is a unique opportunity for your company.

By joining this mission, your company will:

Participate in high-level discussions about renewable energy market opportunities in Taiwan; including **access** to high level networking lunches and receptions with leaders of Taiwan, ministry heads, and other multi-national companies;
Hold **one-on-one business meetings** with potential partners and distributors.

Limited space for this important mission!
